Ms. Cynthia Walker
Director, Communications Division
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, CA 94012

Re: Opposition to Charter Communications, Inc. (U-6878-C) Application for Rehearing of Resolution T-17674

Dear Ms. Walker,

Cruzio Media, Inc. (“Cruzio”) (U-7150-C) is writing to oppose the Application for Rehearing of Resolution T-17674 (“Application”) submitted by Charter Communications, Inc. (U-6878-C) on January 6, 2020. Cruzio opposes Charter’s Application on the basis that it is substantively deficient. Resolution T-17674 approved funding for the CASF grant application of Cruzio Media, Inc. (“Cruzio”) for its Equal Access Santa Cruz Project in Santa Cruz County (“Project”).

In Charter’s original challenge, it provided the Commission with customer address and billing information.

Charter now claims further discrepancy because of an overlap within a mobile home park of two census blocks (5002 and 5003), arising from a misunderstanding of the

differences between administrative offices of the park compared to actual service addresses.

The Commission already compared the service and mailing address differences and reduced the award accordingly. Charter also had ample opportunity to have any known mislabeling deficiencies clarified during the Commission's review when it submitted a challenge to Cruzio's CASF application.

Rather than identifying new facts that might justify a change to Resolution T-17674, Charter's Application simply re-argues issues that were decided in the proceeding. Therefore, Charter's application for rehearing should be denied.

Please do not hesitate to contact me if there are any questions about this opposition, or if you require any additional information.

Sincerely,

/s/Anita Taff-Rice
