**CPUC TO HOST VIRTUAL PUBLIC EVENTS  
ON FRONTIER’S REQUEST TO CHANGE OWNERSHIP**

SAN FRANCISCO, September 29, 2020 - The California Public Utilities Commission (CPUC) will host two virtual public events - a workshop and a public forum - to provide an overview of Frontier’s proposed corporate reorganization and to discuss key issues and ideas to address potential impacts to the communities and stakeholders that Frontier serves. The CPUC welcomes remote attendance and participation at both of these public events.

The public workshop will feature panelists, including industry analysts and tribal and local governments, discussing Frontier’s application, and the public will have opportunities during the workshop to ask questions and comment. The public forum (formally called a Public Participation Hearing) will provide the public with another opportunity to share their thoughts on Frontier’s application.

On May 22, 2020, Frontier Communications Corporation and its California local exchange and long-distance subsidiaries filed an application to transfer the control of these companies. Frontier has filed for Chapter 11 bankruptcy, which proposes to reorganize its corporate structure among other things.

California law requires the CPUC to weigh in on situations when there may be a merger, acquisition, or change in control of a telephone corporation. The CPUC opened proceeding [A.20-05-010](#) to review Frontier's application and decide whether to reject or approve it.

While a quorum of Commissioners and/or their staff may attend the public events, no official action will be taken on this matter at the public events.
