Re: *Rural Digital Opportunity Fund, WC Docket No. 19-126*

Dear Ms. Dortch:

Attached please find a list of census blocks where AT&T's price cap carrier affiliates (AT&T) have deployed broadband service at speeds of at least 25 Mbps downstream/3 Mbps upstream since June 30, 2019 (Exhibit A). Attached as Exhibit B is a list of census blocks AT&T previously reported as having broadband deployment at speeds of at least 25 Mbps downstream/3 Mbps upstream that AT&T has removed from its Form 477 reports. Therefore, if no other carrier has reported broadband deployment at speeds of at least 25 Mbps downstream/3 Mbps upstream for this list of CBs, they may be eligible for the RDOF Phase I auction. See *Wireline Competition Bureau Releases Preliminary List and Map of Eligible Areas for the Rural Digital Opportunity Fund Phase I Auction, WC Docket No. 19-126, DA 20-275, at 1* (rel. March 17, 2020).

Please contact me with any questions.

Sincerely,
/s/ Brendan Haggerty
Brendan Haggerty
